

Don't destroy the US media!

Please do not destroy the media deregulation rules further, as proposed in Docket No. 02-277, The Biennial Review of broadcast media ownership rules.

Since 1996, I have seen the damaging effects of media deregulation. I am deeply disturbed by the countless mergers that have taken place, consolidating the market into all too few hands.

A democracy and a market economy requires free-flowing information, and this outweighs any potential "efficiency gains" of the proposed deregulation. The FCC is a powerful instrument of democracy, Please do not abrogate your responsibility to serve the people of this country. Do not bend to the will of the media industry.

Sincerely,

Adam Storeygard
